IN THE EVENT OF A CHEMICAL EMERGENCY INVOLVING A SPILL, LEAK, FIRE, EXPLOSION, EXPOSURE OR ACCIDENT CONTACT THE FOLLOWING NUMBERS:

EMERGENCY 24 HOUR NUMBERS: GENERAL INFORMATION NUMBERS: (USA) 1-954-246-8888 CONSUMER STATEMENT:

(USA) CHEMTREC 1-800-424-9300 (Canada) CANUTEC 1-613-996-6666 (Canada) 1-450-662-1212

Potential skin and eye irritant to sensitive individuals. Contains known or probable human carcinogen. Harmful of fatal if swallowed. WORK AND HYGIENE PRACTICE:

Remove contaminated clothing immediately. Wash hands, after each use and before eating, drinking, or using toiletries. Minimize contact of product on skins.

Product Name: KERACOLOR S Product Description: Sanded polymer modified Portland cement tile grout

| Incompatibility (Materials to Avoid): Strong oxidizing agents, strong acids, and strong bases. Hazard Decomposition of By-products: Carbon monoxide, carbon moxide, carbon | |
|--|----------------|
| Routes of entry during normal usage: Inhalation? YES Skin? YES Ingestion? YES Health Hazards: Acute: Possible injury due to the alkaline nature of wet cement (dermatitis, dry cough, etc) Chronic: Repeated(long term) inhalation of dust may result in silicosis Carcinogenicity: NTP - Yes IARC - Yes OSHA – Yes Crystalline silica - IARC group 1 agent Signs and Symptoms of Overexposure: Dry skin, dermatitis, dry cough, itrilated eyes from dust or any other potential adverse condition related to the alkaline nature of wet cement Medical Conditions That Can Be Aggravated by Exposure: Allergies, skin and respiratory disorders. Product sensitivity. VIII - EMERGENCY AND FIRST AID PROCEDURE Eyes - Flush with cool water for 15 minutes while holding eyelid open. If irritation persists, seek medical attention immediately. Skin - Avoid contact with skin. Remove contaminated clothing. Wash affected area thoroughly with scap and water. If irritation persists, seek immediate medical attention. Inhalation - Remove to fresh air. If not breathing, trained personnel should initiate artificial respirations and immediate medical attention. Inhalation - Do not induce vormiting. Do not give anything by mouth to an unconscious person. Seek medical attention immediately. IX - PRECAUTIONS FOR SAFE HANDLING AND USE Steps to be taken if Material is Leaked or Spilled: While using appropriate protective equipment, place spilled material in poly drum, or container required by local disposal company, and stor place till material can be disposed of in accordance with regulations. Waste Disposal Method: Dispose of in accordance with local, state, and federal regulations governing your location. Precautions to be taken during Handling and Storage: Store in a manner to prevent dusty conditions. X - CONTROL MEASURES Respiratory Protection: During work with dry product it is recommended to wear a NIOSH approved particulate filter respirator rated N95 Ventilation: Local Exhaust - Use in WELL VENTILATED areas only. Mechanical - As necessary to minimize | ounds. |
