neighboring districts across Cumberland County, working together to provide a safe and appropriate in-person welcome back for our students will be critical. I want to thank all of our staff members for their efforts, and a special acknowledgement to members of our pandemic response teams for reviewing our plans and ensuring we keep the safety measures in our reopening plan front and center.

Today, we also celebrate World Teachers' Day 2020! We are truly grateful for the amazing work of our district educators, who go above and beyond each day to reduce the impact the current pandemic is having on our young people. Thank you, TEACHERS!

School Day for Staff	<i>5 hours and 55 minutes</i> <i>Remote and in-person staff can end their day after their 40-min prep period (40 minutes after student dismissal).</i> <i>Twice monthly, prep time will be used for a staff meeting.</i>
Scheduling	<i>Staff and students keep their current schedules</i> <i>Pre-K will need to make some shifts.</i>
Reassignments	<i>No staff reassignments necessary</i>
Impact	<i>Five to six students will come in with their devices and complete their virtual lessons from the classroom one day a week. In order to safely accommodate staff requesting childcare, medical, and/or personal accommodations, principals will need the support of in-person colleagues to supervise, not to exceed 9 students daily. In-person students will be able to work with teachers when online students are working independently, as part of the gradual release model.</i>
